## Covers Part #8867

## Front Bumper Installation - 1979 Ford® Bronco® and 1979 Chevrolet® Blazer®

## Kit contents:

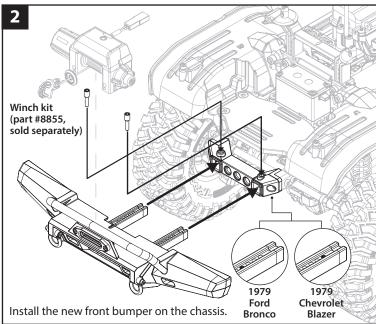

• Front bumper with bumper mount, D-Rings, and fairlead

## **Tools required:**

· 2mm hex wrench

Your new front bumper is designed to work with the 8088 LED light bar (sold separately). Install it on the bumper as shown below. The 8028 LED lighting module (also sold separately) is required to provide power to the light bar.

3x8mm BCS
